

Foaming Cleaner-Degreaser

Foaming Cleaner-Degreaser
ST-931, 5 gallon pail

Foaming Cleaner-Degreaser is a water-based, fast-working, non-flammable, industrial cleaner. It is designed for use in foam generating equipment, as well as low pressure and high pressure equipment.

Foaming Cleaner-Degreaser is ideal for use on meat cutting equipment, conveyors, carts, meat hooks and trolleys. It efficiently attacks and penetrates deposits of blood, fat, marrow and protein soils.

ST-No.	Size	Case Weight
ST-931	1 x 5 gallon pail	49 pounds
ST-933	55 gallon drum	530 pounds

Directions

Remove all food products in area to be cleaned. Manually scrape off all large soil particles. Rinse surface with water. Apply *Foaming Cleaner-Degreaser* with foam generator or spray equipment. Allow detergent 5 or 10 minutes for penetration. Scrub if necessary. Rinse with potable water.
